Exterior colours and materials

2026-04-09 · S-COULEURS

Natural timber, slate grey, warm white and muted greens form the community’s exterior palette.

The principle

Natural timber, slate grey, warm white and muted greens form the community’s exterior palette.

Practical guidance

Include a manufacturer sample, two façade photographs and a sketch of the affected surfaces. A screen image alone is not enough to assess a real colour.

Planning a change

For an exterior change, gather the description, sketch, materials and schedule before requesting review. Wait for a written response before starting work.

Edition and follow-up

2026 edition. Check the update date and gather supporting information before raising a project.
